

AL JETHOOR ENGINEERING CONSULTANTS

الجبذور للاستشارات الهندسية

ABOUT US

AL JETHOOR CONSULTANT ENGINEERS is an Architectural Design & Engineering Consultancy firm that was established in 1994 by Engineer **ADNAN M RASHED TABBE** in Dubai.

AL JETHOOR CONSULTANT ENGINEERS is licensed to design and supervise the construction of buildings regardless of their height, type or complexity, accordingly it actively undertakes all sorts of projects such as urban developments, Hotels, Residential Apartments, Villas, Banks, Office Buildings, Industrial Buildings, Institutional Buildings , Mosques and Public Facilities.

AL JETHOOR CONSULTANT ENGINEERS sustained its presence in the local and global market throughout the different economic weathering due to having a reputable track record of providing professional consultancy services, excellent workmanship, integrity, sound principles, highly qualified staff and being at the forefront of adopting the latest designs and construction techniques.

AL JETHOOR CONSULTANT ENGINEERS strives to finish every project on time, within budget and to the highest quality standards irrespective of the project's size and complexity.

MISSION

AL JETHOOR CONSULTANT ENGINEERS adheres to strengthen guidelines & principles to attain its vision through:

- Building and maintaining trust with clients & project stakeholders
- Offering a blend of creativity, sustainability, professionalism and efficiency in its services to meet and even exceed client expectations.
- Following new trends by introducing and implementing the latest designs in architecture, energy systems and energy modeling.
- Implementing eco-friendly designs to promote sustainability and environmental preservation.
- Adopting professional ethic that supports honesty, integrity, accountability and respect towards our clients, colleagues, community and environment.
- Providing prompt and timely delivery of services.

VISION

To become a leading regional consultancy firm offering complete design, supervision and project management services.

WHAT WE DO

To transform a design vision into a reality, that is further developed & refined until it is materialized.

WHAT WE OFFER

- **Concept:** We originate architectural concepts for projects of varying programs and scales.
- **Engineering:** We carry out schematic and detail design for the projects, coordinating the various disciplines with regulations, towards receiving the approvals from the designated authorities.
- **Supervision:** We supervise on site construction activities of the projects, in terms of civil, architectural, mechanical, electrical and structural implementations.
- **Urban Planning:** We carry out urban design and planning for large scale projects, taking into considerations the synchronization of the various requirements of architectural design, spatial planning, infrastructure, demographic studies, traffic studies and so on.
- **Interior Design:** We design interiors for various projects, from private residences, towers, mosques to mixed use buildings and schools.
- **Sustainability:** We carry out authorities' submission for various categories.

OUR STRENGTH

Ultimately, as it is for our clients, partners, employees and competitors to judge our strength, we believe that the following factors distinguish us from any competition.
